### **Studentcash: A directory of learner funding sources (2<sup>nd</sup> edition)**

This directory provides information about sources of funding for people who are interested in taking part in education and training in the UK. It is suitable for people who are still at school, those who are interested in full-time and part-time education at college and university, adult learners, postgraduates, people interested in work-based learning, learners with disabilities, jobseekers, learners with children and learners from overseas who wish to study in the UK. Each entry includes information about the type of scheme, amount of money, eligibility criteria, application procedures, contact details and hyperlinks to the relevant funding organisations. A full list of contents is available on our website.

### **University Tuition Fees and Bursary Schemes (2011/12)**

This book provides information about university tuition fees and bursary schemes in England, Wales and Northern Ireland. All tables are in the same format for ease of reference and comparison. This includes full contact details of each university, amount of tuition fee charged, type and amount of bursary, number of bursaries, eligibility criteria, application procedures and sources of additional financial support. The electronic copy of this book is easy to navigate, with students able to jump instantly to the universities that are of interest to them.

### **Financial Survival for Students (6<sup>th</sup> edition)**

This book provides information about sources of income for students, such as loans, grants, bursaries and charitable funding. It goes on to look at how much college and university will cost, including information about tuition fees, accommodation costs, utilities, course materials and entertainment. This is now the sixth edition of this book, which is proving to be very popular among students, parents, careers teachers and advice workers. In particular, it has been praised for the 'no-nonsense, down-to-earth' format. A full list of contents is available on our website.

### **Going to College and University: the complete guide (4<sup>th</sup> edition)**

This book came about in response to feedback from customers who wanted more information about going away to college and university. This included information about making effective learning choices, applying to college and university, choosing accommodation and understanding study requirements. Parents also wanted information about health and safety on and off campus. This book is aimed at anybody who is thinking about going to college or university, including school leavers and adult returners. It provides a comprehensive resource for those who want to know more about what to expect, and has proved to be popular with students and parents.

### **Financial Support for Adult Learners (5<sup>th</sup> edition)**

This book is aimed at people who are thinking about returning to education and adult learners who are struggling financially. It provides information about sources of funding for further and higher education, and for work-based learning. This includes information about grants, bursaries, career development loans and funding from trusts and charities. This book has been praised for providing 'clear, simple and straightforward' information, and for simplifying some of the more complex funding schemes. This includes information about tax credits and benefits, and how these might be affected by student financial support. A full list of contents is available on our website.
